

PARTH DARJI

Aspiring Web Developer

9619637668 | darji.parth0015@gmail.com

OBJECTIVE

3rd-year B.Tech (Information Technology) student with hands-on experience building responsive, user-focused web applications using HTML, CSS, JavaScript and React. Seeking a Web Developer role to apply strong front-end fundamentals, problem-solving skills, and a proven track record of delivering real-world projects, including a live client website.

EDUCATION

Bachelor of Technology (B.Tech) - Information Technology

SVKM's Bhagubhai Mafatlal Polytechnic and College of Engineering | 3rd Year (Ongoing)

TECHNICAL SKILLS

Languages & Markup: HTML5, CSS3, JavaScript

Frameworks & Libraries: React.js

Core Concepts: Responsive Web Design, REST API Integration, Version Control (Git/GitHub), UI/UX Basics

PROJECTS

Car Rental Platform *React, JavaScript, HTML, CSS*

- Built a full-featured car rental web application allowing users to browse, filter, and book vehicles online.
- Implemented dynamic booking forms and responsive UI components for a smooth user experience across devices.

E-Commerce Platform *React, JavaScript, HTML, CSS*

- Developed an online shopping platform with product listings, cart management, and checkout flow.
- Focused on clean, reusable component design and responsive layouts for desktop and mobile.

Task Manager Application *React, JavaScript, HTML, CSS*

- Created a task management tool for adding, organizing, updating, and tracking daily tasks.
- Used React state management to handle dynamic task lists and status updates in real time.

Weather, Health & Breath Tracking (Mood-Based Website) *React, JavaScript, HTML, CSS*

- Built a wellness-focused web app combining weather updates with health and breathing exercise tracking.
- Designed a mood-based theming system that changes the site's look and feel based on user-selected mood.

E-Commerce Store - Pramvati Tailors (Client Project) *React, JavaScript, HTML, CSS*

- Designed and developed a live e-commerce website for a real client, Pramvati Tailors, to showcase and sell products online.
- Handled end-to-end front-end development, from UI design to deployment, delivering a client-ready product.

ADDITIONAL STRENGTHS

- Strong understanding of responsive design principles and cross-browser compatibility.
- Comfortable working independently on real client requirements, as shown by the Pramvati Tailors project.
- Quick learner, eager to grow skills in modern front-end tooling and full-stack development.
